Dear Dr. Crystal:

I have followed your work with keen interest and admiration over the years. Indeed, I have heard a great deal about you from Joshua Lederberg and I certainly share his high regard for you. I therefore take the liberty of sending along a letter from a former student from the days when Josh and I were at Stanford. As you can see, she and her husband would be exceedingly grateful for any help you could give them. I have suggested she contact you directly. I would very much appreciate whatever assistance you could offer.

I hope we will have the opportunity to meet one of these days. With deep appreciation,

Sincerely,

David A. Hamburg
